We are delighted to have you as a participant in the Osher Lifelong Learning Program. Volunteers are essential to the OLLI program. Please check positions that interest you:

     **Course Ambassadors:** Course Ambassadors act as “assistants” to instructors, ensure that the classroom is open, announcements are made, equipment is set up, and handouts are distributed. They will also relay any issues or concerns to OLLI staff. Training is provided and *class tuition is waived for Course Ambassadors*.

     **Program Ambassador:** Welcome and check-in attendees at special events, circulate and recruit OLLI members, distribute literature. *This position is limited to people who have paid to attend that special event.*

     **Community Association Liaison:** Utilize contacts within communities to publicize our programs through neighborhood newsletters. Written material will be provided by OLLI staff.

     **Telephone Outreach Liaison:** Occasionally make phone calls to communicate specific message to OLLI members.

     **Committee Member:** Signup to work on one of the following committees and help make OLLI a success.
