

Retirement Planning Webinars

We understand that everyone cannot take time to attend one of our retirement planning conferences in person. TSERS and LGERS members nearing retirement now have an additional resource for retirement planning information -- retirement planning webinars.

These interactive, online conferences will provide an orientation for new members, pre-retirement planning information for members closer to retirement, and educational information for personnel officers and others who handle retirement matters.

Space is limited to the first 100 registrants. So, if members plan to attend, they must register.

An email confirmation will provide a link to the webinar. Attendees will also receive a reminder email the day of the event that includes a link to the webinar. A phone number and teleconference password will be provided for those who would like to participate with audio only.

See the schedule at the bottom of our [Retirement Planning Conference](#) web page for upcoming webinars and links to register
