

DEPARTMENT OF PHYSICS AND PHYSICAL
OCEANOGRAPHY COLLOQUIUM

**“The Symmetries of Quantum
Chromodynamics.”**

Jose Goity

**Professor of Physics
Hampton University/JLab**

The role of symmetries in the theory of the strong interactions, Quantum Chromodynamics (QCD), will be reviewed along with the accurate tests which give support to the most fundamental aspects of QCD.

Friday, November 14, 2008
2:00 PM
DeLoach Hall, Room 212

Refreshments will be served at 1:45 PM
