WELCOME to UNCW!

Welcome to Seahawk Country! It’s going to be another amazing year at UNCW. As the fall semester begins to take shape, we can’t wait to help you create your place within our campus community, or, if you’re a returning student, strengthen your connections and expand your horizons!

The UNCWelcome programs offer you a wide variety of engagement opportunities designed to familiarize you with the UNCW community. This is your opportunity to participate in meaningful and exciting activities, as well as to make some new friends as we start the academic year. We encourage you to check out the list of events to fully immerse yourself in the UNCW community.

Through the wide range of programs offered, we encourage the full participation of all students, faculty and staff, including those with disabilities, and have worked to make events and programs accessible to all. Should you have questions or concerns about disability access, contact the sponsoring department of that event for additional information. Many events are specifically targeted to military, off-campus, non-traditional and transfer students, so look for those terms in the event titles and descriptions.

The Campus Activities & Involvement Center in the Fisher Student Center, room 2029, is your gateway to entertainment, involvement and leadership on campus. Stop by, or visit our webpage, uncw.edu/activities, and we will help you get connected to life on campus. We also encourage you to check out some of our more than 250 student organizations. We have found that getting involved is critical to your success as a student. Visit uncw.edu/wavelink to see the full list of our clubs and organizations.

We hope you’ll use this guide to launch a fantastic year of experiences and opportunities at UNCW. Go Seahawks!

Jon Kapell, Ed.D. - Director for Campus Activities & Involvement

As members of the UNCW student body, staff, faculty and administration, we aspire to the following:

Seahawk Respect Compact

In the pursuit of excellence, UNC Wilmington actively fosters, encourages, and promotes inclusiveness, mutual respect, acceptance, and open-mindedness among students, faculty, staff and the broader community.

We affirm the dignity of all persons.

We promote the right of every person to participate in the free exchange of thoughts and opinions within a climate of civility and mutual respect.

We strive for openness and mutual understanding to learn from differences in people, ideas and opinions.

We foster an environment of respect for each individual, even where differences exist, by eliminating prejudice and discrimination through education and interaction with others.

Therefore, we expect members of the campus community to honor these principles as fundamental to our ongoing efforts to increase access to and inclusion in a community that nurtures learning and growth for all.
A new feature this year is the Healthy Hawks program. This wellness initiative focuses on a holistic approach to daily life with an emphasis on the eight dimensions of well-being listed below. Throughout UNCWelcome and your time at UNCW, many programs, events and resources will be available to learn about and engage with all eight of these dimensions. Programs listed here are identified with a special icon, and are also listed on WaveLink. Visit our webpage uncw.edu/healthyhawks for more information and resources.

**EMOTIONAL** well-being refers to the ability to express your thoughts, reactions and feelings in a healthy and appropriate manner.

**ENGAGEMENT** (social) well-being encompasses advocacy and service to others as well as maintaining healthy friendships, which allow us to surround ourselves with a positive support network.

**FINANCIAL** well-being involves learning budget management in order to maintain a sustainable lifestyle while also learning to plan for the future through savings and investments.

**INTELLECTUAL** well-being refers learning new skills and knowledge through academic classes and activities such as learning a new language or how to cook.

**OCCUPATIONAL** well-being allows us to engage in aspects of our work to develop satisfaction such as learning transferable skills, participate in professional development and embrace a work/life balance.

**PHYSICAL** well-being is living a balanced life through healthy nutrition, regular movement and a consistent sleep schedule.

**SPIRITUAL** well-being reflects finding connection and meaning in our daily lives; it may refer to religion but also focuses on finding time for self-reflection and meditation.

**SUSTAINABLE** well-being encourages a lifestyle of ecological balance with the land, rivers and the sea including protecting nature and our personal environment.
Recurring Events

3. **Stay connected.** Should your unregistered bicycle be recovered by campus police or need to be moved, registration provides a way to contact you.

Why should you sign up for Hawk Wheels Bike Share:
1. **All the convenience** of riding a bike without the responsibly of owning one.
