Resolution re. South College Road Feasibility Study

Bottom-line:
• The University is requesting BOT endorsement of the attached resolution regarding a Feasibility Study to Evaluate Solutions for Improved Bicycle and Pedestrian Crossings of South College Road in the Vicinity of UNCW

Background:
• Proposed study would be conducted by NCDOT and look at various options for improving safety for pedestrians/cyclists crossing South College Road
• Options to include, but not be limited to, the addition of bridges over or tunnel under South College Road
• Resolution does not obligate UNCW resources or property in any way
• WMPO’s Technical Coordinating Committee passed similar resolution on 5/12/21
• Wilmington City Council adopted similar resolution on 6/15/21
• Approximately six months to complete the study
Resolution re. South College Road Feasibility Study (as attached to July 2021 meeting materials)

Operative Clause:

• THEREFORE, BE IT RESOLVED:
  THAT, the University of North Carolina Wilmington hereby supports the North Carolina Department of Transportation in conducting a feasibility study to evaluate solutions to provide an improved bicycle and pedestrian crossing of South College Road in the vicinity of UNCW.

Action Requested:

• Board of Trustee approval of: “Resolution in Support of Feasibility Study to Evaluate Solutions for Improved Bicycle and Pedestrian Crossings of South College Road in the Vicinity of the University of North Carolina Wilmington”
