HOUSING & RESIDENCE LIFE

Sophomore Requirement:

Our process for the fall 2022 sophomore housing requirement will align with the method we currently use to track and assign first year students. Sophomore students will be able to rank their area preferences from our designated sophomore options, as well as create roommate groups, and then be auto-allocated by the Housing Assignments Team. This will ensure our ability to fill space in an orderly fashion while reducing stress on the assignment's portal.

Honors College:

HRL and Honors College are partnering to create a first- and second-year living experience for Honors students in the new Housing Village. First year Honors students will live in Sandpiper Hall and then move to Terrapin Hall for their sophomore year. This will create a new synergy for the Honor program’s residential living experience.
