

# Jacob Caceres-Reyes

---

*Class of 2017*

**Major:** Theatre

**Concentration:** Customized

**Minor:** Entrepreneurship and Innovations

**Heritage:** Puerto Rican

**Hobbies:** I love being surrounded by my close friends, social media, working out, and eating.

**Study Abroad:**

I studied in Roehampton University in London in spring 2016. I had the amazing opportunity of visiting 11 countries during that time.

**Organizations involved:** Throughout college I have been involved in the UNCW High Seas All Male Acapella Group (Marketing Director/Treasurer - junior/senior year), Teal TV, Centro Hispano (student worker for 3 years), Transition Programs as Orientation Leader, Study Abroad Ambassador and the Speakers Bureau for the Office of International Office; I have performed for companies such as Thalian Association, Opera House Theatre Company,

and Brunswick Little Theater.

**Where do you work?**

I currently work as the Marketing Associate and House Manager for the UNCW Theatre Department.

**What are your top 3 accomplishments?**

1. Got to travel to 11 countries during my study abroad in London.
2. Performed in 4 musicals in Wilmington without my own transportation. Thanks to all my friends who helped me.
3. Maintained a GPA higher than 3.5 while being involved in many organizations at the same time.

**What's after college?**

I am looking into Theater related jobs all over the country. I may or may not be looking at working for cruise ship entertainment.

**Dream job?**

Honestly, the answer to this question changes every 5 seconds. I want to be everything. I want to do everything. I am passionate about many things, and I just hope I will be whatever I want to be. I want to be happy with whatever I do. I am not graduating to pursue money...yet...I want to be happy. Then see if maybe 10 years I come out with the next "Hamilton."

**Any advice to the generation rising at UNCW?**

Get involved, study abroad (see the world with your own eyes!), be kind to your neighbor (seriously, we need it), do not be afraid of what the future holds. You got this!
