

# 6<sup>TH</sup> ANNUAL HEALTH AND HUMAN SERVICES WEEK

*FASTER THAN A SPEEDING BULLET AND MORE POWERFUL THAN A LOCOMOTIVE,  
THE SIXTH ANNUAL HEALTH AND HUMAN SERVICES WEEK IS COMING APRIL 1-5, 2019!*

HHS Week is one of the College of Health and Human Services' signature university-community events. It's a weeklong celebration of health and wellness. Join us as we highlight fields of practice, give updates in research, explore new skills and technology and educate ourselves and others through creative and innovative programming. Events will be held on campus or off-site to engage a broader audience.

This event provides unique learning experiences organized by and for faculty, staff, students, and community partners for UNCW and beyond. The week generates an intentional connection for our college and campus to engage with our coastal community. Our main goal of the week is to learn with and from each other in order to fulfill our commitment of "Together We Make a Difference."

Sponsorship will support the mission of HHS Week and provide valuable information to the Cape Fear region. Your support also enhances the experience we provide to the CHHS student body and introduces them to area organizations and practitioners. This sponsorship program allows on- and off-campus partners to support the week's learning activities and receive recognition as organizations that contribute to the experience of students, as well as faculty, staff and community partners.

## AT A GLANCE

- More than 20 sessions held during the week each year
- All University students, faculty and staff are invited to attend, with special emphasis on CHHS audiences and our community partners
- Research and Innovation Day dedicated to showcasing research of faculty, staff, and students as well as distinguished keynote speakers
- Events are held on- and off-campus to maximize accessibility to learning opportunities
