

Admission Requirements

Students who are taking, or have taken graduate work elsewhere must be in good standing at the last institution to be eligible to take graduate work at UNCW.

Admission requirements include:

- A minimum of a bachelor's degree, preferably in a life science, health care discipline or mathematics/statistics, from a regionally accredited college or university completed before graduate study begins.
- Strong academic record with an undergraduate GPA of 3.0 or better.
- Experience working in the biopharmaceutical or related industry of at least two years is preferred
- Applicants must have access to a computer capable of supporting electronic mail, a web browser, a word processing program and multi-media presentations. In addition, applicants must be proficient in the use of these computer applications.
- Application and supplemental documents must be submitted by the [published deadline](#)

Supplemental documents required for admission:

- An application for graduate admission
- Official transcripts of all college work (graduate and undergraduate)
- Current resume or curriculum vitae
- Brief essay addressing the student's career goals and associated interest in the degree program (not to exceed 2 pages, double spaced)
- Three recommendations (at least one from a current or former employer)
