

# Course Descriptions

## **NSG 513 - Foundations and Evidence-Based Practices for Nursing Education Didactic Instruction (3)**

This course provides the essential elements which define and operationalize the process of didactic instruction. The student will explore relevant teaching and learning theories from the perspectives of education and nursing as a foundation to, critique curriculum models, choose pedagogies, and analyze evaluation strategies that are appropriate to achieve the outcomes of this method of learning. They will analyze factors that influence program development, curriculum design, development, implementation and evaluation.

## **NSG 524 - Foundations and Evidence-Based Practices for Nursing Education Clinical Instruction (3)**

Pre-requisite: NSG 513-800. This course provides the essential elements which define and operationalize the process of clinical instruction. The student will explore relevant teaching and learning theories from the perspectives of education and nursing as a foundation to, critique curriculum models, choose pedagogies, and analyze evaluation strategies that are appropriate to achieve the outcomes of this method of learning. They will analyze factors that influence program development, curriculum design, development, implementation and evaluation.

## **NSG 525 - Foundations and Evidence-Based Practices for Nursing Education Distance Learning (3)**

Pre-requisite: NSG 513-800. This course provides the essential elements which define and operationalize the process of distance learning. The student will explore relevant teaching and learning theories from the perspectives of education and nursing as a foundation to, critique curriculum models, choose pedagogies, and analyze evaluation strategies that are appropriate to achieve the outcomes of this method of learning. They will analyze factors that influence program development, curriculum design, development, implementation and evaluation.

### **Course Sequence**

**NSG 513** is pre-requisite to **NSG 524** and **NSG 525**. Enrolling in **NSG 513** before other nursing education foundation courses will prepare the enrollee for subsequent course work and lay a foundation for the post master's certificate essentials.
