March, 2022

Dear Friends of Nursing,

Please help support the Southeast Region of the North Carolina Nurses Association and the School of Nursing at the University of North Carolina at Wilmington, in this year’s 25th Annual Nurses Day Celebration! We will have hundreds of nurses attend from Southeastern North Carolina where they will honor their peers and present Nursing Scholarships at this gala event on May 10th, 2022 at The Burney Center on the campus of UNCW.

During this event, the Southeast Region of the North Carolina Nurses Association will present their annual scholarships to candidates pursuing careers in nursing. Last year we awarded over $5,000.00 in nursing scholarships. With your help, we hope to further increase these scholarships this year!

100% of the money derived from the raffle of “Donated” door prizes and other donations go directly to the Southeast Region of the NCNA Scholarship Fund earmarked for area student nurses. We truly appreciate your support in the past and ask that you, again, consider a raffle gift, gift certificate/card, gift basket, or donation to support the NCNA Southeast Region’s Nursing Scholarship Fund.

Thank you again for your generosity and continued support of nurses in your community.
