**NONPROFIT CONSULTATION  
SUMMARY 2017**

As an integrated "one-stop shop," the UNCW Center for Innovation and Entrepreneurship (CIE) has event space for training, coworking space for startups, incubator office space for qualified entrepreneurs, and access to experienced mentors, faculty, and other UNCW resources.

In efforts to expand our services, our Nonprofit Consultation Program was established in 2016 with the goal of assisting social entrepreneurship ventures in the creation of exciting companies by providing advice on business plan development and organizational structure guidance.

We have had 13 social venture/nonprofit organizations register for membership within 3 months from January 2017 to March 2017. Three more NPO training programs equating to a total of 6 hours and an average of 11 attendees are planned for April. We would love to continue to expand and develop as new opportunities present themselves, but we need your help to make our growth a reality.

Thank you,

University of North Carolina Wilmington Center for Innovation and Entrepreneurship
