The University Seal

The seal of the University of North Carolina Wilmington has evolved over the years. Originally, there were no pine boughs on the seal. A compass, square, quill and triangle were depicted to represent the pre-engineering program offered by Wilmington College. Today’s seal retains the triangle as a reference to our roots, adds the pine boughs for the longleaf pine, indigenous to North Carolina, and the scroll for a diploma-issuing university. The UNCW Seahawk, our mascot, appears at the top of the pine boughs, and 1947, the date of the establishment of Wilmington College, appears at the bottom.

UNC Wilmington’s unique motto, Discere Aude, was created by Dr. William Madison Randall, president of Wilmington College, 1958-1968. It has been defined as both “Dare to learn” and “In order to discover the truth firsthand, be courageous!”

The University Mace

The UNCW mace, carried by the chief faculty marshal at commencement, incorporates elements and materials important to the history of our university and region. The boss, or top of the mace, represents the essence of education, the flame of learning. It was designed to embody humanity’s timeless pursuit of knowledge and quest for truth.

Below the boss are four official seals important to the university’s history. They represent New Hanover County, Wilmington College, the University of North Carolina System and the University of North Carolina Wilmington. Four bands on the shaft symbolize UNCW’s four academic areas: the College of Arts and Sciences, the Cameron School of Business, the Watson College of Education and the College of Health and Human Services.

The terminus, or end piece, consists of a longleaf pinecone to symbolize the longleaf pine tree common to the landscape of southeastern North Carolina. The longleaf pine is also the state tree.

The mace was designed by Jeff Morvil, a Wilmington artist, and created by Marvin Jensen, a sculptor from Penland, NC.

The University

The University of North Carolina Wilmington, the state’s coastal university, is dedicated to the integration of teaching and mentoring with research and service. Our commitment to student engagement, creative inquiry, critical thinking, thoughtful expression and responsible citizenship is expressed in our baccalaureate and master’s programs, as well as doctoral programs in areas of expertise that serve state needs. Our culture reflects our values of diversity and globalization, ethics and integrity, and excellence and innovation. With nearly 17,000 students and more than 2,200 faculty and staff members, UNCW is a thriving institution with a strong reputation for quality and affordability. Consistently recognized by national publications as a top public undergraduate institution, UNCW consistently garners recognition from numerous reputable publications and organizations.

- In December 2018, UNCW earned the elevated designation of “Doctoral Universities: High Research Activity” institution, according to the Carnegie Classification of Institutions of Higher Education.
- UNCW is ranked #14 on the U.S. News and World Report list of Best Regional Universities (South) and 6th among public universities, “Best Colleges 2018” edition. U.S. News also ranked UNCW 8th in the country on its list of Best Online Bachelor’s Programs.
- UNCW ranks 5th nationally among peer universities in the number of students studying abroad as represented in the 2018 Open Doors® Report on International Educational Exchange.
- The Fiske Guide to Colleges 2018 included UNCW as one of the nation’s “best and most interesting” colleges and universities.
- The university is named a Best Southeastern School on The Princeton Review’s list of “2018 Best Colleges: Region by Region.”
Established as Wilmington College in 1947, the institution joined the University of North Carolina System in 1969. The first graduate programs were authorized in 1977. The university’s academic units – the College of Arts and Sciences, the College of Health and Human Services, the Cameron School of Business, the Watson College of Education and the Graduate School – offer 55 majors, 35 master’s degrees and four doctoral degrees – an Ed.D. in educational leadership, a Ph.D. in marine biology, a Ph.D. in psychology and a Doctor of Nursing Practice (D.N.P.). UNCW’s (five-year) graduation rate is the third-highest in the UNC System.

The university takes a leadership role in the long-term economic, environmental, educational, social and cultural health of the region. UNCW actively supports economic development through advanced biotech research at its CREST Research Park and the Center for Innovation and Entrepreneurship, which works to identify and nurture high-growth, high-impact companies in southeastern North Carolina.

UNCW fields intercollegiate teams in NCAA Division I and competes in the Colonial Athletic Association. Four-year class averages and graduation rates of the university’s student-athletes rank among the highest for NCAA Division I public universities in North Carolina.

### Academic Regalia

Academic regalia usually recognize three different degrees: the bachelor’s, the master’s and the doctorate, each derived by medieval university custom.

The bachelor’s, or baccalaureate, degree takes its name from the medieval practice of “bachelors” who wore a garland of bayberries to distinguish their status. They wore gowns of worsted material, fastened at the top, with pointed sleeves hanging nearly to the knees. The bachelor’s hood is three feet long, with a two-inch strip of velvet.

The master’s degree was equivalent to a license to teach. The gown, worn open, has long, closed sleeves with a slit for the arm near the middle of each sleeve. The master’s hood is three and one-half feet long, faced with a three-inch strip of velvet.

The doctor’s degree indicated advanced study and independent research in a specialized field. The gown, worn open, is faced with a broad strip of velvet and has three bars of velvet on each sleeve. The hood is four feet long and faced with a five-inch strip of velvet. The color of the tassel or velvet strip on the hood indicates the field of study in which the degree was earned: white, arts; yellow, sciences; light blue, education; apricot, nursing; drab or light brown, business. Each hood is lined in silk with the colors of the institution which granted the degree. UNCW’s hood is lined with green and gold.

All degrees have a black “mortarboard.” A black tassel, or one in colors signifying the graduate’s field of specialization, hangs to the left of the face. Those with a doctor’s degree may wear a soft velvet cap of the color indicating their field of study or a mortarboard with a tassel in whole or in part of golden thread.
