

BA Economics Learning Goal 2:

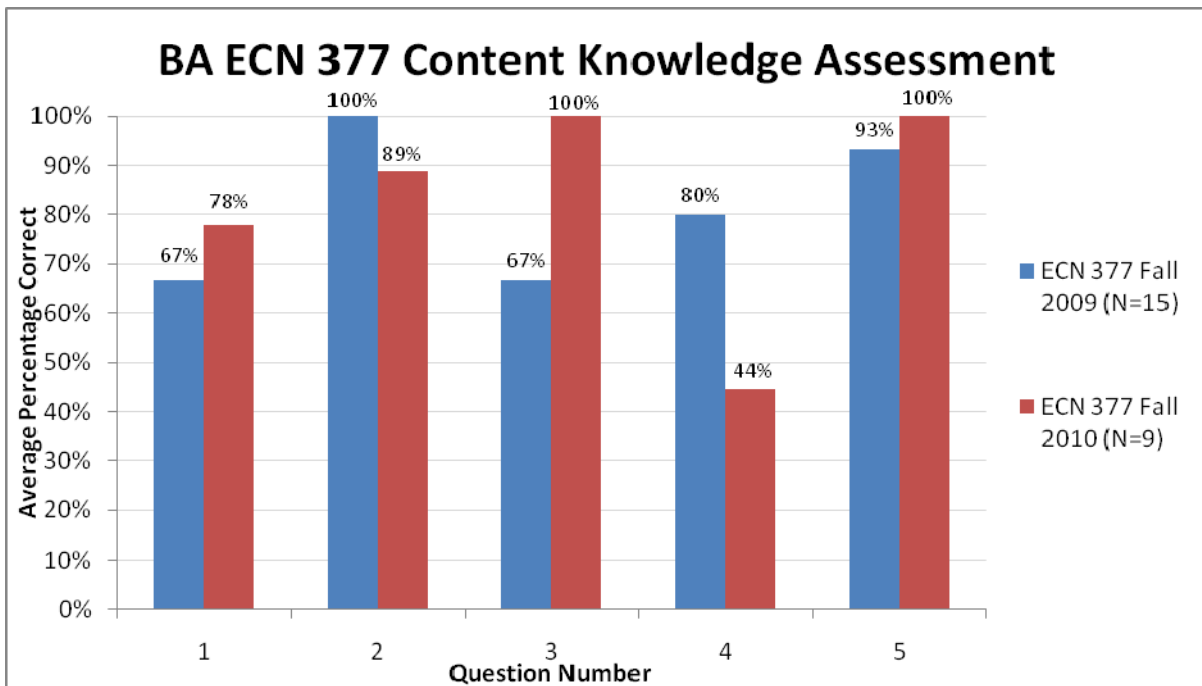

Our students will be able to analyze and interpret quantitative data.

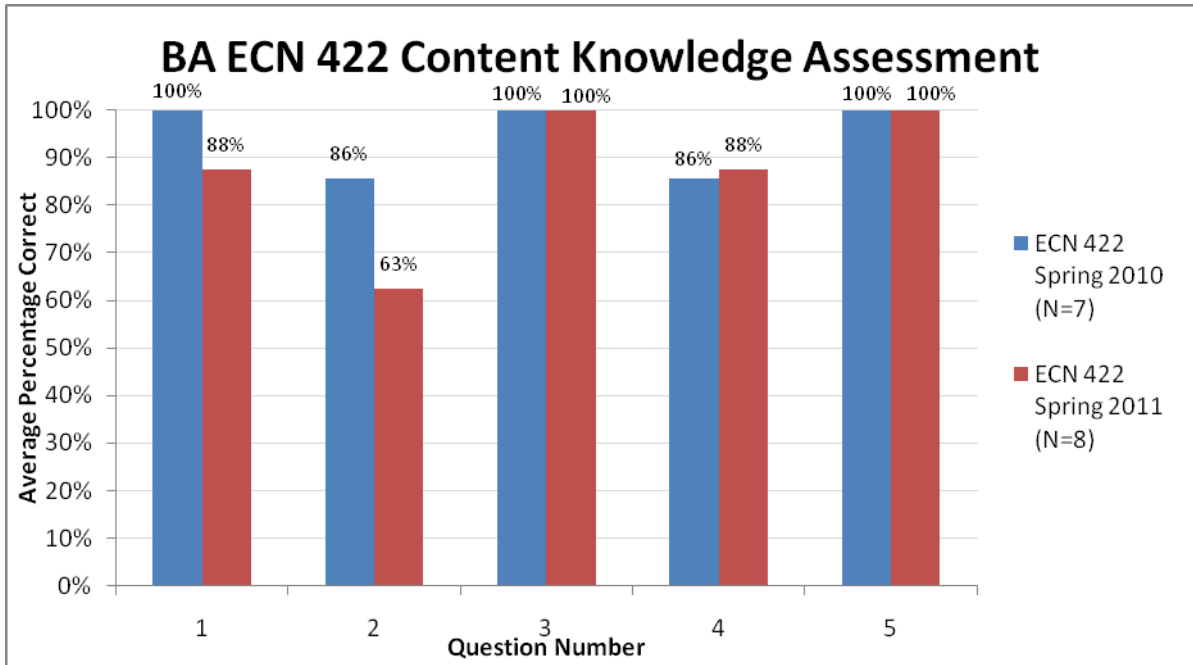

(Updated October 2011)

Spring 2011

Content Knowledge Assessments

Five multiple choice questions will be imbedded in the BA in Economics ECN377 and ECN 422 classes for assessment of data analysis and interpretation. ECN 377 is offered in the fall semester and ECN 422 is offered in the spring semester. The questions will be non-graded items imbedded in the final exam. Review of the assessment and associated changes to curriculum will be conducted by the economics faculty.

Action Taken:

None at this time. Faculty want to gather data for two years before considering curriculum changes.
