Applying AI to Health Care: From Patient-Level Care to Population Health

November 4, 2019
10 a.m.
UNCW Lumina Theater

Presenters:
Mohd Anwar, Ph.D., M.S.,
North Carolina A&T State University
Karl Ricanek, Ph.D., M.S.,
University of North Carolina Wilmington

Dr. Mohd Anwar and Dr. Karl Ricanek will discuss the implications and increased popularity of population health care. This form of health care is used to diagnose, treat, and predict disease condition across diverse patients.
