

Version 2.x - ArcGIS Pro Student Trial software Instructions

A. Before you install ArcGIS Pro

1. Check our [system requirements](#) (v2.4) to make sure your computer has the hardware and software required for the trial.

B. Activate your authorization code

2. Visit www.esri.com/educationedition to begin the process of activating and downloading your ArcGIS Pro Student Trial software.
3. Log in using your Existing Esri account, or sign-up for a new Esri account, if necessary.
 - Note: Your instructor may have requested an account for you that is linked with the UNCW ESRI account. If this is the case, use the ArcGIS Organization URL login.
4. Enter the authorization code and click Activate ArcGIS.
 - a. If you need to download ArcGIS Pro, proceed to step 5.
 - b. If you have already downloaded ArcGIS Pro, received the ArcGIS Pro software from your instructor or license administrator, or will be installing from a network server, proceed to step 10.
5. Click the button for the ArcGIS Pro software version being activated.

Support for the ArcGIS Pro Student Trial is available at

[Privacy](#)

If using your own account: Enter your user name and password, Sign In

The image shows the ArcGIS login page. At the top left, it says "Sign in with" and the Esri logo is on the right. Below this is a section titled "ArcGIS login" with a dropdown arrow. It contains a "Username" field, a "Password" field, and a "Keep me signed in" checkbox. A blue "Sign In" button is below the fields, with links for "Forgot username?" and "Forgot password?". Below the login section is a dropdown for "Your ArcGIS organization's URL". Underneath are four social media icons: GitHub, Facebook, Google, and LinkedIn. At the bottom, there is a link for "No account? Create a public account." and a "Privacy" link in the bottom right corner.

Enter the authorization number provided to you. The format is EVA123456789. Select **Activate ArcGIS**.

Activate your ArcGIS for Desktop Trial

Enter Authorization Number

Your authorization number was provided by your instructor or is printed on your DVD. The format of the code is EVA123456789.

Activate ArcGIS

Select the desired software to download. Note: You can download both ArcGIS Pro 2.4 and others in this step.

Select a Version

Select the version of ArcGIS Desktop you would like to download if you have not already received a DVD. If you have a DVD from your instructor, please follow the instructions in the Install Guide. Please see your instructor for access to ArcGIS Pro.

Select: Save the file

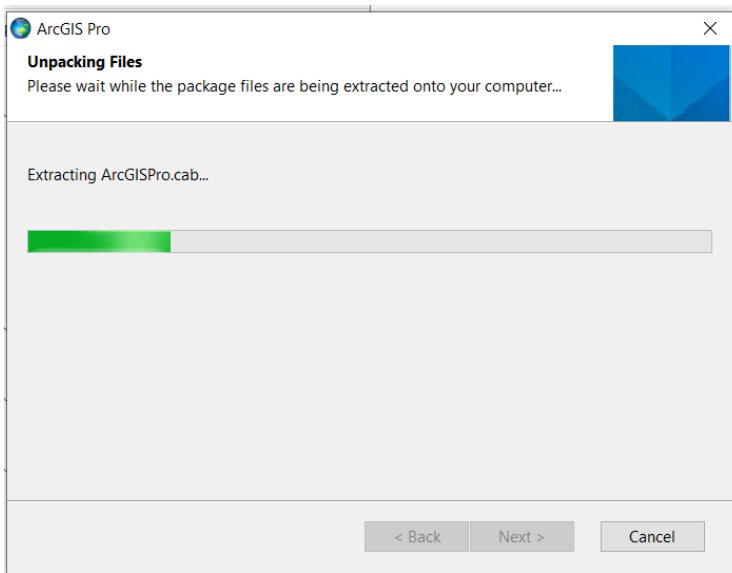

Once the file has downloaded, locate the file in your downloads folder, right click, and click Run (or Run as Administrator).

When prompted, select “Yes” to allow the software to make changes to your computer.

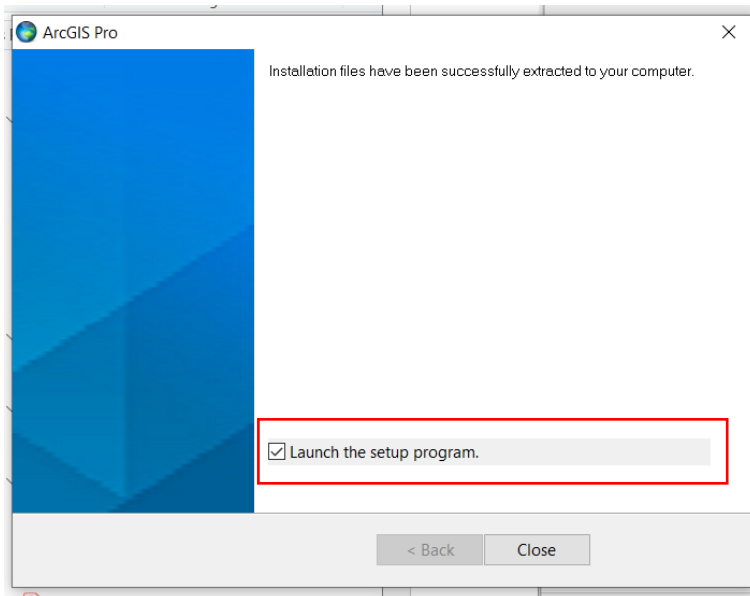

Select where you would like the software to install. Be sure to know where you put the files!

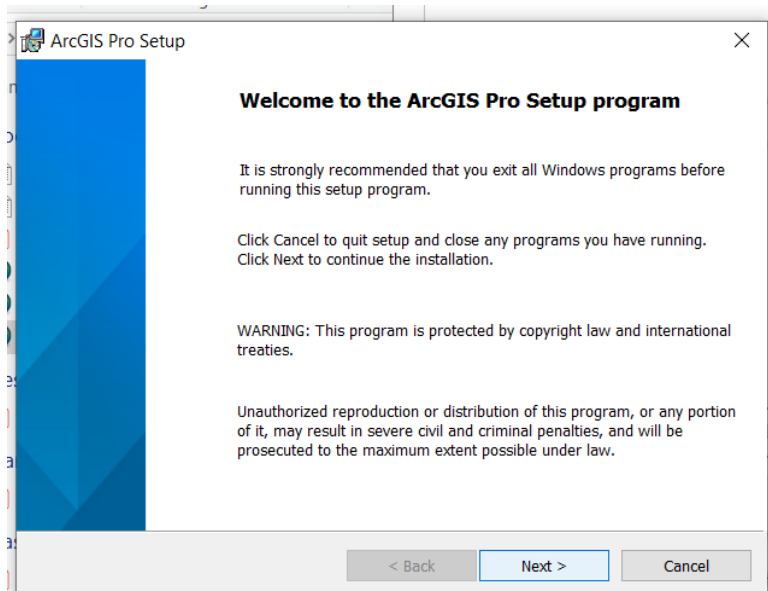

Then click Next and the files will begin extracting:

Upon completion you will see this window:

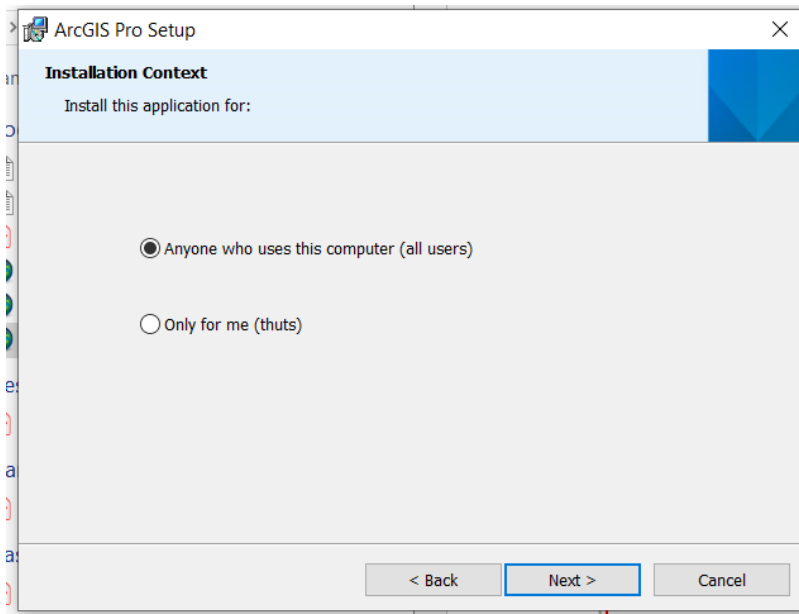

Click Close to launch the setup program:

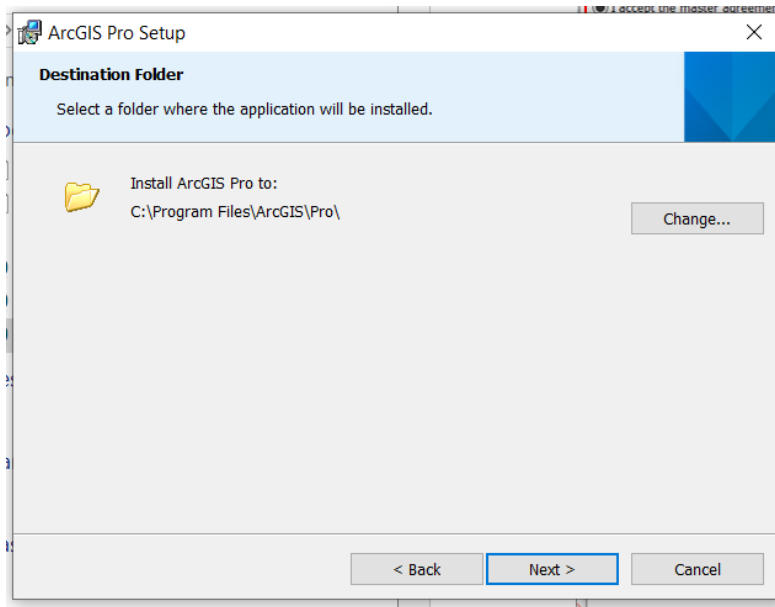

Next, accept the Master Agreement:

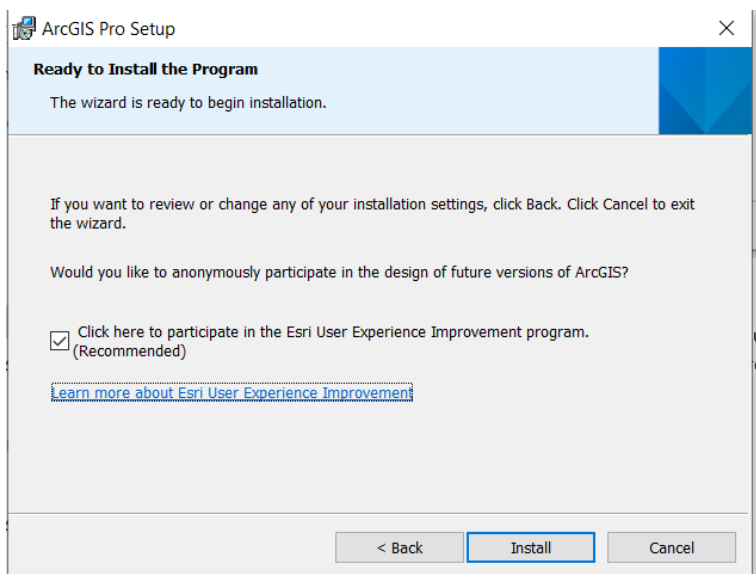

Next, determine which users on your device will have access to the software:

Next, determine where you would like the application installed:

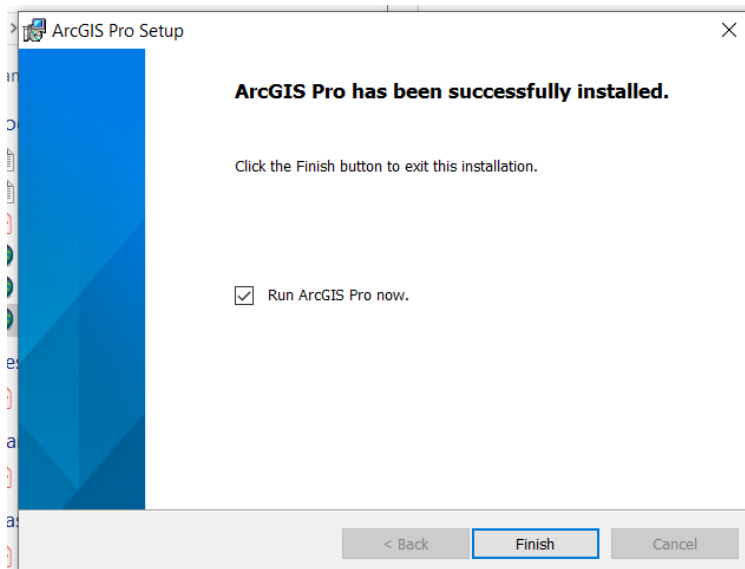

Next, decide if you would like to anonymously participate in the Esri User Experience Improvement Program (more info provided here: <https://support.esri.com/en/technical-article/000011271>)

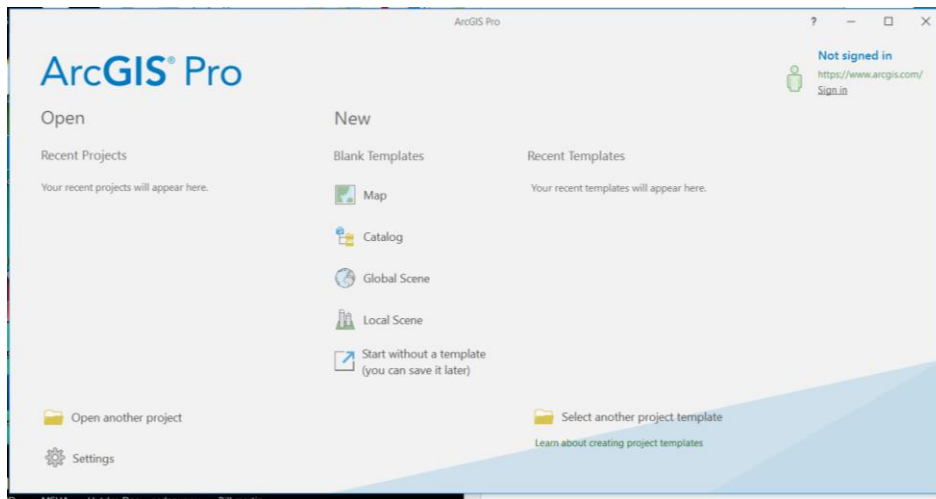

Then, click install. It will take some time.

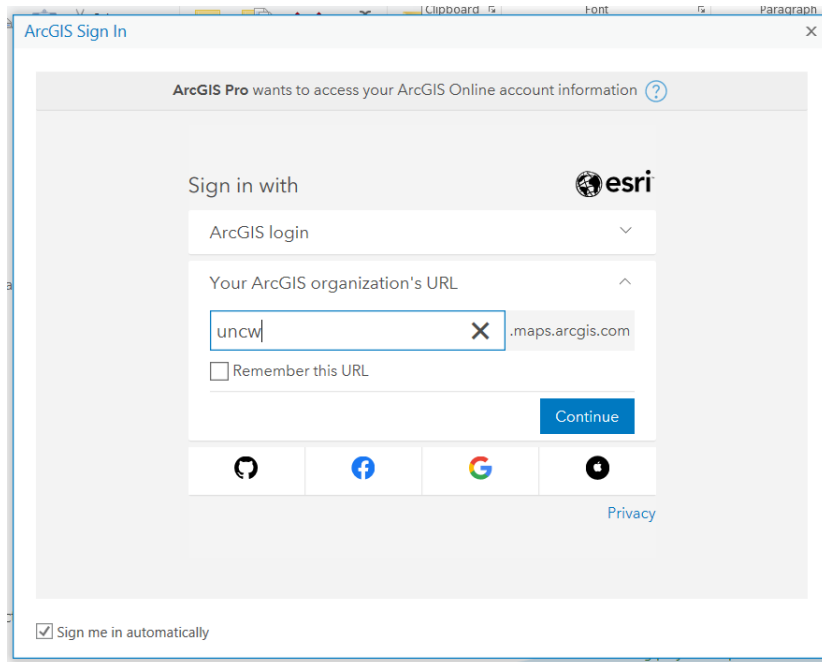

Once the install is finished, Run ArcGIS Pro:

It may appear to be doing nothing at first. Just give it some time.

At the top right, click Sign in (if you aren't signed in already). Make sure to sign into the UNCW Organization using the Organization URL:

After you have signed into the organization you should be good to go! Happy GIS-ing!
