MAT Elementary Education

Student Learning Outcomes

Graduates of the MAT Elementary Education program will be expected to have demonstrated knowledge and proficiency in the following areas:

**SLO1:** Demonstrate a depth and breadth of general knowledge in the field of Elementary Education.

**SLO2:** Demonstrate well-articulated theoretical beliefs and pedagogical practices relevant to K-6 classroom/school communities.

**SLO3:** Demonstrate effective communication skills that can be utilized when interacting with colleagues, administrators, and families.

**SLO4:** Design, implement, and assess effective instruction, with particular emphasis on integrated curriculum, creative and innovative teaching methodologies, and active learning strategies.

**SLO5:** Oral Communication: Establish a classroom environment sensitive to the cultural and linguistic needs of all students.

**SLO6:** Effectively utilize technology to enhance the academic achievement of elementary learners.

**SLO7:** Demonstrate effective leadership skills within the school.
