What are the Program Requirements continued...

Option II: Certificate in instructional technology specialist (ITS)

Required Courses (6 credit hours)
- MIT 500: Instructional Systems Design: Theory and Research
- MIT 511: Multimedia Design and Production

Elective Courses (you must select 12 credit hours)
- MIT 511: Multimedia Design and Production
- MIT 520: Managing Instructional Development
- MIT 513: Computer-based Instruction
- MIT 514: Distance Education
- MIT 515: Web Teaching: Design and Development
- MIT 522: Organization & Management of Instructional Technology Programs
- MIT 502: Systematic Approach to Performance Improvement
- MIT 540: Colloquium I (1 credit hour)
- MIT 541: Colloquium II (1 credit hour)
- MIT 542: Internship (1 credit hour)

What is the expected course offering?
All required courses for the students who are seeking 079 Special Endorsement in Computers in Education are offered on a regular basis each year. The elective courses are offered every other academic year unless there is an identified demand for the course.

What should a TF applicant know?
- All credit for courses taken in the Certificate Program are part of the approved course work of the Master's of Science in Instructional Technology (MIT) program.
- No Praxis Specialty Area tests are required for this program.
- Graduate students currently admitted and enrolled in a graduate degree program may simultaneously pursue the Certificate Program if approved by graduate program director and the certificate program director. No other application is necessary.
- Students who are currently enrolled in the Graduate School and who wish to pursue the Certificate Program must apply for admission to the program before one-half of the required credits are completed.
- A Certificate graduate student may enroll on either a part-time or a full-time basis.
- Individuals may take up to 10 semester hours as non-degree students provided they meet the admission requirements for the Certificate program.

FAX: (910) 962-3609
The Certificate Program requires completion of 18 credit hours of graduate level courses. Students must complete two core courses and twelve hours from a list of approved electives to complete the certificate program.

Option I: Certificate in instructional technology specialist (ITS) and 079 Special Endorsement in Educational Computing and Technology Facilitation (TF).

Required Courses (15 credit hours)

1. MIT 500: Instructional Systems Design: Theory and Research
2. MIT 511: Multimedia Design and Production
3. MIT 512: Computer Applications in Education
4. MIT 522: Organization & Management of Instructional Technology Programs
5. MIT 540: Colloquium I
6. MIT 541: Colloquium II
7. MIT 542: Internship

Elective courses (you must select one course)

• MIT 513: Computer-based Instruction
• MIT 514: Distance Education
• MIT 515: Web Teaching: Design and Development
