

North Carolina Program Evidence Folio

Taskstream - Enroll in Program Evidences Folio Group

Dear School of Education Student,

The North Carolina Professional Teaching folio is a compilation of artifacts developed in select courses of each teacher licensure program. In order to obtain a license to teach in North Carolina students completing teacher licensure programs must demonstrate proficiency in relation to all North Carolina Professional Teaching Standards. This proficiency will be demonstrated through successful development of the required program-specific artifacts. The Watson School of Education has chosen Taskstream as the web tool for hosting the North Carolina Professional Teaching folio created by students in the School of Education.

In order to ensure that you have the correct folio template, you must enroll yourself with the program from which you are currently seeking licensure. If you have not previously done this step refer to instructions found at: www.uncw.edu/ed/portfolio See the handout on Self Enrolling in Program Group.
