UNCW Leadership Studies partners with Food Bank

UNCW’s Leadership Studies program and UNCW’s Office of Student Leadership and Engagement partnered with the Food Bank of Central and Eastern North Carolina in Spring 2018 on programs to help fight local hunger. A UNCW Community Engagement Grant helped to support development of the new initiative, which designed to provide applied learning experiences for students in all three Leadership Studies courses. Spring 2018 projects included a Volunteer Day at the Wilmington branch of the Food Bank, a Campus Food Drive, guest speakers from the Food Bank speaking on-campus about non-profit leadership, and a Yam Jam. UNCW’s Office of Student Leadership and Engagement plans to coordinate ongoing volunteer opportunities for students with the Food Bank during the fall 2018 semester.
