

The University of North Carolina 2013 Session Recap

On July 26th, 2013, both the House and Senate adjourned for the year. The 2013 legislative session saw a number of significant policy issues being discussed with the potential for wide-ranging impact on the University. We saw a number of victories in Raleigh, but many of the victories were from playing defense.

Consistent with recent budgets, the University budget had higher levels of cuts compared to our education peers. The University of North Carolina was cut by 4.7% (not adjusting for continuation growth), while DPI and the community colleges face cuts of under 2%.

In the final budget, we had a number of successes, such as:

- Fully-funding our continuation request, including enrollment growth
- Fewer line-item cuts with significant Management Flexibility
- Removed Facilities & Administrative “line-item” reporting requirement
- Retained UNC’s IT Exemption, which has served us well
- Increased university research campuses authority on disposition by lease, which is important to our research campuses
- Confining legislatively-mandated out-of-state tuition hikes to undergraduate students
- Authorization for the UNC School of the Arts and NC School of Science & Math to charge certain fees
- \$60m in Repair & Renovations funding
- Allowing “compensation increases” for retention and equity issues
- Fixed the Upper Payment Limit for physicians, which is a significant savings for UNC/ECU
- NC Guaranteed Admissions Program (NC GAP) was moved to a study from a \$12.6m cut in 2014-15

We were not able to secure items in the budget, such as:

- In-state tuition for transitioning veterans
- \$15m appropriation for the UNC School of Medicine
- Retain full \$50m funding for the University Cancer Research Fund (UCRF)

Outside of the budget, we were able to secure wins on a number of legislative items. These include:

- Passage of S. 485 – E-commerce legislation
- Passage of S. 480 – UNC Capital Improvement Projects (as approved by BOG)
- Passage of S. 547 – Energy Savings Contracting Amendments (amended to retain authorization to self-perform at one campus and added another)
- Improved H. 232 – State Health Plan compliance law, which saved the UNC System over \$15m
- Stopped legislation to claim state-ownership over Intellectual Property created on state property

We also suffered a few legislative setbacks late in session, including:

- Inclusion of Student Attorney legislation in the Regulatory Reform bill (H 94)
- Passage of Omnibus Gun legislation which allows concealed carry permit holders to bring guns onto campus, which is opposed by all Chancellors and the campus Chiefs of Police (H 937)

General Assembly Passes Budget

Posted on **Tuesday, July 30th, 2013** under [Budget News](#)

The North Carolina House and Senate finalized passage of a [\\$20.6 billion budget](#) last week for the 2013-15 biennium. The legislature writes a two-year budget when it convenes in odd-numbered years. In even-numbered years, it returns to Raleigh to update the plan for the second year. The budget passed in the Senate by a 32-17 margin with one Republican joining Democrats in voting against the bill. In the House, the budget passed by a margin of 65-53 with eleven Republicans joining Democrats in voting against the bill. Shortly after the House and Senate passed the budget, Governor McCrory signed the bill into law.

Below is a side-by-side comparison of the Conference budget, Senate budget, House budget, the Budget Priorities of the UNC System Board of Governors, and the Governor's proposed budget recommendations.

[Side-by-Side Budget Comparison](#) *[appended]*

A brief overview of the budget's impact on the UNC System is below.

- **UNC System Highlights from the General Assembly's FY 2013-15 Conference Budget**
 - 4.5 percent is cut from the UNC System's FY 2012-13 state budget in FY 2013-14 and an additional 0.8 percent is cut in FY 2014-15 (a total of 5.3 percent over the biennium). The UNC Board of Governors will allocate cuts to the campuses at their meeting on August 9. Additional budget reductions may be included in the UNC Board of Governors campus allocations in order to fund provisions of the [UNC System Strategic Plan](#).
 - Cuts allocated through the Management Flex Reduction equal \$65.8 million in 2013-14 and \$73.6 million in 2014-15. Before taking reductions in instructional budgets, the conference budget requires the Board of Governors and the campuses to consider all of the following:
 - Reduced State funding for centers, institutes, speaker series, and other nonacademic activities.
 - Faculty workload adjustments.
 - Restructuring of research activities.
 - Implementing cost-saving span of control measures.
 - Reducing senior and middle management positions.
 - Elimination of low-performing, redundant or low-enrollment programs.
 - Use of alternative funding sources.
 - Protecting direct classroom services.
 - The Board of Governors and the campuses also must review the institutional trust funds and the special funds held by or on behalf of The University of North Carolina and its campuses to determine whether there are monies available in those funds that can be used to assist with operating costs. In addition, the campuses must require their faculty to have a teaching workload equal to the national average in their Carnegie classification.
 - In addition to the Management Flex Reduction, the budget further reduces UNC System state funding by \$25.8 million in 2013-14 and \$38 million in 2014-15 in anticipation of savings from implementation of administrative and operational efficiencies, instructional efficiencies and program consolidations identified by the [UNC Strategic Plan](#).
 - In 2014-15, nonresident undergraduate tuition will increase by 12.3 percent at four campuses, **6 percent at UNCG** and nine other campuses at a cost of \$27.2 million in recurring funds. This tuition increase is in addition to the campus-based increase previously approved by the UNC Board of Governors.
 - The UNC Need-Based Grant program will be funded at \$122.5 million in both years, less than the \$147 million allocated in 2012-13.
 - Certain programs will continue to be phased out, including the NC Teaching Fellows Program and the tuition grant for graduates of the North Carolina School of Science and Mathematics (NCSSM). The Teach for America program received an additional \$5.1 million recurring each year.
 - Salary supplements for teachers with master's degrees will only be available to those who already had them in 2013-14 and will be completely eliminated in 2014-15.

- The budget directs a feasibility study of an alternative undergraduate admission program known as the North Carolina Guaranteed Admission Program (N.C. GAP) that would redirect borderline eligible students to the Community College System in exchange for guaranteed admission at a UNC System school upon completion of an associate's degree.
- The budget also requires a study to examine the feasibility of restarting the UNCG iSchool Program as part of the Career and College Promise Program.
- Enrollment growth and building reserves were fully funded. The UNC System received \$60 million to be allocated by the UNC Board of Governors for repairs and renovations in FY 2013-14.
- Any person who was a full-time permanent leave-earning employee of the State on July 1, 2013, are granted one-time additional five days of annual leave to be used by June 30, 2014. Part-time permanent leave-earning employees are to receive a pro rata amount of the five days.

Next Steps

The UNC Board of Governors will meet on August 9 to determine how funding will be distributed to all 17 UNC System campuses. Over the next few weeks, Chancellor Brady, the Provost and Vice Chancellors will be working with division leaders to revisit the preliminary reduction plans made this spring and then to implement budget cuts based on the university's budget principles. Chancellor Brady will also convene the Budget Sounding Board to review strategies and operational plans for dealing with the budget situation during the 2013-14 academic year. Additional updates on the budget and its impact on UNCG will be posted on Budget Central as information becomes available.

Ann Goodnight: Massive mistake

Published: July 29, 2013

Massive mistake

As the N.C. General Assembly closes the 2013 session, I am left stunned by the glaring lack of support for public education.

As the link between education and prosperity has strengthened, other states have made public K-12 and higher education a priority to increase competitiveness. Other industrialized countries have made remarkable strides in increasing educational performance. In North Carolina, we are headed in the opposite direction.

We are knowingly under-investing in our pre-K-12, community college and university students; in our teachers; and in innovative new approaches to learning. This budget is an embarrassment in its lack of investment in the skills and competitiveness of its people. This is a grievous mistake.

Let the economists debate whether lowering tax rates will attract business. What I do know is that the state's poor education funding will deter knowledge-based companies from choosing North Carolina. The quality of the public schools is always a key consideration when companies consider relocation. They want quality K-12 schools for employees' children and quality community colleges and universities for workforce and training needs.

We need aggressive action to improve education across our state. What we have is worse than inaction: It is harmful action. The only winners will be places that are investing in education and using the playbook we once embraced.

Ann Goodnight

Legislative Changes

A. Technical Adjustments

<p>1 Average Daily Membership (ADM)</p> <p>Revises projected ADM to reflect 6,642 more students than originally projected in FY 2013-14 and 6,636 more students than originally projected in FY 2014-15. This adjustment includes revisions to all position, dollar, and categorical allotments.</p> <p>Total revised allotted ADM for FY 2013-14 is 1,509,985, an increase of 17,192 students over FY 2012-13. Total revised allotted ADM for FY 2014-15 is 1,526,591, an increase of 16,606 students over FY 2013-14.</p>	<p>\$10,651,329</p>	<p>R</p>	<p>\$9,914,165</p>	<p>R</p>
<p>2 ADM Adjustment: Opportunity Scholarships</p> <p>Adjusts FY 2014-15 ADM to reflect the estimated decrease in public school enrollment resulting from the Opportunity Scholarship Grants authorized by Section 8.29 of this act.</p>			<p>(\$11,797,941)</p>	<p>R</p>
<p>3 Average Salaries for Certified Personnel</p> <p>Revises budgeted funding for certified personnel salaries based on actual salary data from December 2012. The adjustment does not reduce any salary paid to certified personnel, nor does it reduce the number of guaranteed State-funded teachers, administrators, or instructional support personnel.</p>	<p>(\$11,873,083)</p>	<p>R</p>	<p>(\$11,980,756)</p>	<p>R</p>
<p>4 Civil Penalties</p> <p>Increases budgeted receipts from Civil Penalties and takes a corresponding General Fund reduction to reflect one-time transfers from the Departments of Justice, Revenue and Transportation in FY 2012-13. These funds are used to support State Public School Fund requirements.</p>	<p>(\$43,030,131)</p>	<p>NR</p>		
<p>5 Sales Tax Receipts Transfer to State Public School Fund</p> <p>Increases the annual transfer from the Department of Revenue (DOR) to the State Public School Fund based on projected growth in State sales tax proceeds. This transfer was initiated in S.L. 2005-276, Current Operations and Capital Improvements Appropriations Act of 2005, in lieu of a State sales tax refund to local school administrative units (LEAs). Funds from the DOR transfer are used to support State Public School Fund requirements. The total DOR transfer will be \$51.3 million in FY 2013-14; \$52.8 million in FY 2014-15.</p>	<p>(\$5,025,426)</p>	<p>R</p>	<p>(\$6,553,965)</p>	<p>R</p>

6 Exceptional Children Headcount

(\$2,689,483) R (\$2,689,483) R

Adjusts funding budgeted for the Children With Disabilities preschool and school-age allotments to reflect actual student headcount. The continuation budget includes anticipated growth based on the projected headcount of children with disabilities. This adjustment revises budgeted funding for both preschool and school-age children with special needs to reflect the April 1, 2013 headcount and does not reduce funding per student.

B. Elimination of the LEA Adjustment

7 LEA Adjustment Elimination

\$376,124,279 R \$376,124,279 R

Eliminates the LEA Adjustment completely. The elimination is accomplished by: 1) providing additional General Fund support to lower the recurring amount of the Adjustment, and, 2) reducing specific allotments in approximately the same proportion as school districts have done the last two years in implementing the Adjustment.

8 Classroom Teachers

(\$286,433,312) R (\$245,897,168) R

Adjusts funding to school districts for guaranteed Classroom Teacher positions, modifying this allotment in approximately the same proportion that school districts had done in previous fiscal years to implement the LEA Adjustment. Nearly 70% of all funds foregone by LEAs over the last two years to comply with the Adjustment came from the Classroom Teachers and Career Technical Education Months of Employment allotments. Revised ratios for distributing guaranteed positions from this allotment are as follows:

FY 2013-14

- K: 1 teacher per 19 students
- 1-3: 1 teacher per 18 students
- 4-6: 1 teacher per 24 students
- 7-8: 1 teacher per 23 students
- 9: 1 teacher per 26.5 students
- 10-12: 1 teacher per 29 students

FY 2014-15

- K: 1 teacher per 19 students
- 1: 1 teacher per 18 students
- 2-3: 1 teacher per 17 students
- 4-6: 1 teacher per 24 students
- 7-8: 1 teacher per 23 students
- 9: 1 teacher per 26.5 students
- 10-12: 1 teacher per 29 students

9 Instructional Support Personnel

(\$16,990,590) R (\$17,186,802) R

Adjusts funding to school districts for guaranteed Instructional Support positions, modifying this allotment in approximately the same proportion that school districts had done in previous fiscal years to implement the LEA Adjustment. Nearly 5% of all funds foregone by LEAs over the last two years to comply with the Adjustment came from this allotment. \$323.0 million will be available in this allotment in FY 2013-14; \$326.1 million will be available in FY 2014-15.

10 Instructional Supplies

(\$6,919,008) R (\$7,372,550) R

Adjusts funding to school districts for Instructional Supplies, modifying this allotment in approximately the same proportion that school districts had done in previous fiscal years to implement the LEA Flexibility Adjustment. LEAs gave up over \$5 million in FY 2012-13 from this allotment to comply with the Adjustment. \$43.2 million will be available in this allotment in FY 2013-14; \$43.3 million will be available in FY 2014-15.

C. Other Public School Funding Adjustments

11 Limited English Proficiency

(\$6,000,000) R (\$6,000,000) R

Reduces the allotment for Limited English Proficiency. Of the \$6 million reduction, \$3 million is reduced to account for declining enrollment based on revised student headcount figures. \$75.3 million will be available in this allotment in FY 2013-14; \$82.0 million will be available in FY 2014-15.

12 ACT Assessments

\$7,500,000 R \$7,500,000 R

Provides a dedicated source of State funding for the administration of the ACT testing suite, which includes the ACT, PLAN, EXPLORE, and WorkKeys diagnostic assessments.

13 School Bus Replacement

(\$29,823,055) R (\$39,102,605) R

Reduces funding for school bus replacement and modifies the school bus replacement standards pursuant to Section 8.11. Currently, school buses are eligible for replacement after 20 years or 200,000 miles of service. This item modifies the mileage and age standards and appropriates sufficient funding to replace all school buses meeting the revised criteria. 539 buses will be replaced in FY 2013-14; 579 buses will be replaced in FY 2014-15. \$37.8 million will be available for this purpose in FY 2013-14; \$49.6 million will be available in FY 2014-15.

14 Stop Arm Cameras

\$690,000 R \$690,000 R

Provides funding to purchase two school bus stop arm safety cameras for all 115 LEAs in both years of the biennium. The cameras are intended to improve student safety by serving as a visible deterrent to potential stop arm violators and documenting actual violations for use in prosecution.

15 Low Wealth Supplemental Funding

(\$15,526,391) R (\$15,526,391) R

Adjusts the supplemental allotment for school districts in low wealth communities to align funding availability with actual school district eligibility. This adjustment will not reduce funding to eligible districts. In addition, Section 8.3 of this act adjusts the Low Wealth formula to provide the same amount of supplemental funding to school districts in certain low wealth counties as received in the 2012-2013 fiscal year. These local school administrative units have an average daily membership of more than 23,000 students and are in counties that also contain a base of the Armed Forces of the United States. \$213.1 million will be available in this allotment in FY 2013-14 and FY 2014-15.

	FY 13-14		FY 14-15	
<p>16 Small County Supplemental Funding</p> <p>Reduces funding for this supplemental allotment for small counties in FY 2013-14 to align funding availability with actual school district eligibility. In FY 2014-15, this allotment is restructured to restrict eligibility to only those counties with ADM of 3,200 or less and to provide per-pupil funding on a sliding scale based on the size of the school district. LEAs made ineligible under this formula will have their allotment phased-out over a five-year period. There are 746 DRG's in the Medicaid program that represent classifications of services provided during an inpatient hospitalization. Each of the 746 DRG's has a weight that represents the relative resources required for services related to that diagnosis, recipient age, sex and the presence of complications or comorbidities. Hospital payment is determined by applying a base rate, unique to each hospital, to the DRG weight. The hospital base rates were developed using each hospital's costs in 1994. Changes to these base rates have only occurred when the General Assembly has approved an increase or decrease in rates. 51 Operating Efficiencies Reduction

	(\$1,700,000)	R	(\$1,700,000)	R
--	---------------	---	---------------	---

Directs the Department to identify efficiencies in its operation through the elimination of positions, transitioning of expenditures to receipt support, or reductions to operating line items such as travel, purchased services, and supplies. No reductions will be made to the NC State Crime Lab.

52 Indirect Cost Receipts

	(\$259,310)	R	(\$259,310)	R
--	-------------	---	-------------	---

Budgets indirect cost receipts from recurring federal grants that may be allocated to support central administrative functions that include finance, human resources and logistics. Transfers four positions to receipt support:

Position	Title	Total Position Cost

Transitions one attorney position (60010420) and two paralegal positions (60010422 and 60010421) from receipt support to General Fund support. D. NC State Crime Laboratory

54 Toxicology Positions

	\$1,500,000	R	\$1,500,000	R
--	-------------	---	-------------	---

Provides funding for 19 new toxicology positions in the Crime Lab to serve the western part of the State. The Crime Lab is directed to work with the Office of State Personnel to create a new apprentice level analyst position at a pay grade lower than that of Forensic Analyst I for trainee analysts.

	\$111,424	NR		
	19.00		19.00	

55 Crime Lab Equipment

Provides additional funds for equipment to expand the Crime Lab's ability to provide toxicology services in the western part of the State.

	\$1,055,773	NR		
--	-------------	----	--	--

56 Toxicology Outsourcing Funds

\$750,000 R

Provides funds for the outsourcing of toxicology cases to private lab service providers. Priority should be given to cases originating in the western part of the State to reduce the need for Crime Lab analysts from Raleigh and Greensboro to travel to those areas. If the Department determines that outsourcing of toxicology cases is not feasible due to legal concerns involving analyst testimony, these funds may be redirected to increase toxicology analysis capabilities within the Crime Lab.

E. Training and Standards

57 Sheriffs' Education and Training Standards

\$1,000,000 R \$1,000,000 R

Appropriates funds to support the Sheriffs' Education and Training Standards Commission. Section 16C.6 transfers funds from the Statewide Misdemeanant Confinement Fund to the General Fund for this purpose. This Commission is currently supported by a portion of the \$2 court fee designated for law enforcement training. Those funds will now wholly support the Criminal Justice Education and Training Standards Commission. These changes increase the funds available to DOJ to support both Standards Commissions.

58 Criminal Justice Education and Training

Section 18B.18 changes the allocation of the \$2 court fee designated for law enforcement training and standards by directing that all of the funds go to the Criminal Justice Education and Training Standards Commission (CJTS). Previously, those funds were split between the Sheriffs' Standards Commission and CJTS. The appropriation of funds to support Sheriffs' Standards in the previous item allows for the redirection of all of the \$2 court fee to CJTS, increasing the amount available to DOJ for the support of both Standards Commissions.
