SOAR Ambassador Scholarship Program
Action Plan

Third year SOAR Ambassadors dedicate the year to exploring activities intended to accelerate post-graduation preparedness. With the assistance of a professional advisor, students develop several multi-year goals and the associated action steps. A minimum of three goals are required, one of which must be career or academics. The students will spend their junior and senior year implementing the plan, revisiting and making changes as necessary. The questions below may help identify focus areas.

Career: Where do you hope to be in your career development at the time of your graduation? What level do you want to reach in your career? How much education will you need?

Community: Do you want to contribute time volunteering with an organization? Are you passionate about advancing a cause that may not directly pertain to your career choice?

Health: Do you want to make changes to improve physical or mental well-being? What changes, if any, do you foresee as you mature?

Financial: Do you possess adequate knowledge to support your desired lifestyle? Do you understand, or what to understand investments, retirement accounts and strategies?

Your signature below indicates agreement to identify and implement three meaningful goals that aid in degree attainment and/or post-graduation preparation.

Student's Signature: ___________________________________________ Date: ________________
