

AMERICORPS – SEGAL EDUCATION AWARDS

What is AmeriCorps?

AmeriCorps members serve with local and national organizations to address critical community needs related to disaster services, economic opportunity, education, environmental stewardship, healthy futures, and in support of veterans and military families. Programs range from full time to part-time service and are found nationwide. After successful completion of an AmeriCorps Program (usually 10-12 months), participants are eligible to receive education awards. The maximum amount of a full-time education award is equivalent to the maximum amount of the Pell Grant for the year for which the national service position was approved. A member may use the education award for up to seven years after his or her service completion date.

Education awards can be used in one of, or a combination of, the following ways:

- To repay qualified student loans.
- To pay all or part of the current education expenses to attend eligible institutions of higher education (including certain vocational schools) and educational programs approved under the G.I. Bills.
