M.S.N. Nursing – Family Nurse Practitioner
09/18/2013 KGH

Removed CLR 512 and added NSG 512 to the FNP Option

Before the update:

Family Nurse Practitioner Option

Purpose:

The purpose of the UNCW Master of Science in Nursing-Family Nurse Practitioner (MSN-FNP) option is to prepare an advanced practice generalist who possesses knowledge, skills, and attitudes to provide community focused primary care for culturally diverse families in rural or medically underserved areas. The 46 to 47 credit-hour, primarily online, Family Nurse Practitioner option provides advanced theory and clinical education emphasizing:

- Primary health across the life span for underserved rural or urban populations.
- High quality, cost-effective, unique health care that results in a high level of patient satisfaction.

A graduate of the program will be eligible to take the American Nurses Credentialing Center (ANCC) or American Academy of Nurse Practitioner (AANP) certification exam for Family Nurse Practitioners and seek approval to practice as an FNP in North Carolina or other state of choice. The family nurse practitioner, as a primary care provider, implements community focused health care and education for culturally diverse families in rural and/or medically underserved, as well as urban areas.
