Tuition Waiver Expanded

The North Carolina General Assembly recently passed legislation beginning with the spring 2015 semester allowing the UNC System to increase the number of courses that employees may take by tuition waiver from two, to three per academic year (a fall semester, spring semester, and the summer semesters that follow, or courses taken as distance education). Summer sessions remain the same with employees being able to use the additional Tuition Benefit to waive tuition for one course per summer session at UNCW.

Permanent UNCW employees working full time or $\frac{3}{4}$ time (including SPA employees currently on probation) may take advantage of this benefit which includes tuition and fee waiver for employees and application fee waiver for employees and dependents. For more information, contact Amy Evans, Human Resources at extension 23392, or evansa@uncw.edu.
