

Sign up for Retirement Electronic Communications

The North Carolina Retirement Systems Division wants to make sure that all public employees, employers, and benefit recipients stay connected through important retirement news updates and alerts. Since RSD serves more than 900,000 public employees throughout North Carolina, it stands to reason that our postage costs can get pretty steep! In an effort to make communicating with you more timely and cost-efficient, RSD needs to have the most current email information for every employee on file in ORBiT. To ensure that you receive e-mail communications and important alerts from the North Carolina Retirement Systems, please login to ORBiT today and click "Sign up for Retirement Emails." And be sure to follow us on [Facebook!](#) [facebook link: www.facebook.com/MyNCRetirement]
