“My Blackboard” is a tool to view all classes at once, making staying connected even easier.

- To navigate to the My Blackboard area, head to the top right of the Blackboard Homepage.
- Click your name. If there are new notifications, they will be displayed to the right of your name.

A drop-down menu appears that has all courses you are registered for, either as an instructor or as a student.

There are five pages you can navigate to, Bb Home, Posts, Updates, My Grades, Retention Center, and Calendar. Clicking any of these icons will open up a larger pop-up window.

The Bb Home tab has an outline of events on your calendar, Recently Graded items (for students) and Posts from discussions boards.
- The Posts tab has only posts and link to posts from enrolled courses.
- Updates let you know when content has been added to a course as well as system updates.
- My Grades is a one-click portal for grades in all courses.
- The Retention Center is used to monitor access and alerts (see additional self-help guide)
- The Calendar integrates all events from all of your calendars.
