UNCW-Supported Instructional Technologies

Learning Management System Tools

Canvas is a cloud-based learning management platform that allows schools to build the digital learning environment that meets the unique challenges faced by their institution. Click on the icon for how-to’s and/or video tutorials.

Turnitin is an online plagiarism detection service that provides streamline grading and feedback. Turnitin can be integrated into an LMS. Click on the icon for how-to’s and/or video tutorials.

Lecture Capture Tools

Echo360 is a video streaming platform where faculty can store videos. Echo360 also offers screencasting and webcam recording softwares for PC and Mac users. Echo360 Universal Capture captures a combination of audio, computer, and video simultaneously. Click on the icon for how-to’s and/or video tutorials.

Camtasia 9 is a screen recorder and video editor software. Camtasia is not supported by UNCW but Distance Education and eLearning provide basic non-technical support for UNCW faculty. UNCW faculty have to contact their Department Head to obtain an license. Click on the icon for how-to’s and/or video tutorials.
**Respondus** is a tool for creating and managing exams that can be printed to paper or published directly to Blackboard Learn, Brightspace, Canvas, Moodle, and other learning systems. Exams can be created offline using Microsoft Word or moved from one LMS to another. Click on the icon for how-to’s and/or video tutorials.

**Closed Captioning Tools**

Rev is an online audio transcription, video captions, and document translation service. As part of UNCW commitment to providing accessible course (asynchronous, synchronous, web-enhanced) material, UNCW Distance Education and eLearning is offering closed captioning and transcription services for video and audio files (educational purposes only). CC Turnaround: 2 weeks. Click on the icon to submit a CC request.

**Assessment Tools**

Respondus is a tool for creating and managing exams that can be printed to paper or published directly to Blackboard Learn, Brightspace, Canvas, Moodle, and other learning systems. Exams can be created offline using Microsoft Word or moved from one LMS to another. Click on the icon for how-to’s and/or video tutorials.

**Collaborative Media Tools**

VoiceThread is a collaborative, multimedia slide show that holds images, documents, and videos and allows people to navigate slides and leave comments in 5 ways - using voice (with a mic or telephone), text, audio file, or video (via a webcam). VoiceThread can be integrated with a LMS. VT functions like a face to face discussion session but in an asynchronous format. Click on the icon for how-to’s and/or video tutorials.

For more information, please contact Distance Education and eLearning (DEeL) by emailing elearning@uncw.edu.
