Email Reactivation

UNCW email accounts are deleted about 3 months after graduation or inactive status. Students receive several warnings, from ITS, prior to account deletion. Many times our office or TAC is contacted by students wishing to extend their email account because they failed to heed those warnings. Only in cases where there is a legitimate academic reason, such as post-baccalaureate internships, faculty research, etc., should students be allowed an extension. These requests for extensions must be approved by the student's dean and routed to the Registrar, prior to the account deletion. Only with a Dean's approval will an extension be granted. Once the email has been deleted, the emails are unrecoverable. A request following a deletion will merely reactivate the account, not recover the former emails. Failing to migrate mail and/or logins to another personal email account, before the deadline, is not sufficient grounds for an extension.

Attention Faculty!

****Spring grading opens April 22nd****

****Grades are due May 11th at 2pm****

If you expect you will be unable to submit grades by the deadline, please send an email to Chris Wrede (wrede@uncw.edu) to be coded for extended grading. Be sure to include the CRN of the course(s) and copy your department chair and academic dean for approval.
