After Action Review - Open Registration

The After-Action Review for keeping registration open, originally scheduled for February 24th, was cancelled. That discussion will be rolled into the Registrar Fora (March 3rd & 4th), so please continue providing feedback, if you haven't already. We hope to see you this week!

Degree Audit Update

The scribing continues, and some audits can now be run in the test system. There is a new feature when a course is "still needed" that allows students to select a specific course number. The number is hyperlinked, so that when a student clicks on the course it will then show registration information such as dates, times and open seats. Please see page two of the newsletter for a screenshot displaying an example of this new feature.

Time Ticket Update

Time tickets have been assigned for summer (201660) and fall (201710). In the past, we assigned 200 students per time ticket, but that number has been increased to 400 students per ticket. The change in number of students per time ticket reduced the time necessary to open registration for all students from two weeks down to one week.

Generic time tickets and their times can be found below:

Degree Audit New Feature

The screenshot displays the Degree Audit software interface. At the top, there are navigation tabs: Worksheets, Planner, Plans, Notes, Petitions, Exceptions, GPA Calc, and Admin. The main area shows a list of requirements with checkboxes and associated course information. A pop-up window titled 'Course Information - Windows Internet Explorer' is open, showing details for ENG 204.
