Interactive Degree Audit

The interactive audit allows the degree audit to be shown with pie charts and bar graphs that indicate a student's progress toward completion of a degree program, as well as formatting the details of the audit in a more attractive GUI manner. It is also possible to drill into the details of the audit through the bar charts. At the audit's top level, there is a display of total hours and cumulative GPA, plus a listing of the categories that make up the degree program:

Welcome New
Staff Members!

Tuition Surcharge 101

I'm aware of the 140 hours tuition surcharge threshold, but what if...

I have a double major (same degree)?

1st Major Program hours + 2nd Major Program hours + 45 basic studies hours x 110% = new tuition surcharge threshold

I have two majors (different degrees)?

Step 1: Determine the major that has the highest program hour count.

Step 2: Assume 124 hours for the first degree + program hours in step 1 x 110% = new tuition surcharge threshold.

Questions?
