Tuition Surcharge 101

*I'm aware of the 140 hours tuition
surcharge threshold, but what if...*

I have a double major (same degree)?

1st Major Program hours + 2nd Major Program
hours + 45 basic studies hours x 110% =
new tuition surcharge threshold

I have two majors (different degrees)?

Step 1: Determine the major that has the
highest program hour count.

Step 2: Assume 124 hours for the first degree +
program hours in step 1 x 110% = new tuition
surcharge threshold.
