Office of the Registrar Newsletter

Volume 2, Issue 7

July 2012

Substitution/Waiver requests are now available ONLINE via My Seaport.

Faculty or staff can request a substitution or waiver of degree requirements using this automated system which allows attachments, comments, and online approvals/denials. We are still working with ITS on enhancements requested by the approvers. In the meantime send your comments and questions Paula Greene greenep@uncw.edu.

Reminder:

Summer II and Full-Summer grades are due July 31st by 2:00pm!

Instructors: If you have a class that ends late, making it impossible to meet these deadlines, please email the Office of the Registrar (registrar@uncw.edu) and copy your chair and associate dean so that accommodations can be made.

We can allow extended grading for your class past the deadline, but it must be approved before the grading deadline.

Thank you!

Welcome New Staff Members to the Office of the Registrar!
