MEETING SNAPSHOT

Hurricane Preparedness

Guest Speaker: Eric Griffin, Assistant Director, Environmental Health and Safety

Eric Griffin spoke about the university’s action timeline in relation to Hurricane Florence and preparedness tips for this hurricane season.

If campus should have to be evacuated in the event of a storm, follow these tips for preparing your office:

- Backup all information on your desktop/laptop to OneDrive/Sharepoint
- Turn off your desktop computer and cover with plastic
- Take your laptop and charger with you (as applicable)
- Take any personal items that you would not want to be damaged or lost
- If you are mandatory employee, check with your supervisor about scheduling

After a campus closure, do not return to work until told to do so by official sources such as a supervisor or campus email.

- Use caution when driving around campus as there may be large vehicles and equipment still in use
- Stay out of roped off areas and do not sightsee
- Inspect your office for damage, and report issues to your supervisor immediately
- If your computer appears to have had water intrusion, do not plug it in or turn it on. Contact TAC for assistance

See additional information about Emergency Preparedness and be sure you have signed up to receive UNCW Alerts to receive campus emergency communication.

State Health Plan “Clear Pricing”

The State Health Plan just announced the network will now consist of all providers that signed on to the Clear Pricing Project in addition to the Blue Cross Blue Shield of North Carolina’s Blue Options Network. For members, this means you will continue to have access to the provider network you utilize today along with some new providers. The new network begins January 1, 2020.

Open Enrollment Dates Announced

Open Enrollment for your State Health Plan benefits for the 2020 benefit year will be held November 2-19, 2019.
