

DEPARTMENT OF THEATRE ADVISING WAIVER

Date: _____

I [print name] _____ (student id# _____) choose not to be advised during the pre-registration advising sessions.

The Department of Theatre is committed to providing excellent advising for our students to help them maximize their learning while enrolled and to help insure timely graduation. We expect students to be responsible and to proactively engage in problem solving. We see advising as an integral part of those expectations. However, if a student feels that they can effectively interpret the degree audit and register for classes independent of advising, that student can waive advising for one semester. Please initial next to each statement below to indicate your understanding.

I realize that my choice to waive preregistration advising:

- _____ may delay my expected graduation date due to inappropriate course selection.
- _____ may impact my ability to register for classes.
- _____ releases the THR Advisors and other THR faculty of any responsibility to advise me at any point before the start of the next pre-registration period.
- _____ is a one time opportunity. (For all future sessions, I am required to meet with my advisor during regular advising.)

By signing this document, I acknowledge that this was my decision, and I accept the consequences of not being advised by my advisor.

By signing this document, I also waive my FERPA protection, and because of this, a THR Advisor may talk with my parents or legal guardian regarding my classes or lack thereof and explain that I chose not to be advised.
