What it means to be a People by the Sea (watuh), no matter whether you are a “binyah” or “cumyah,” no matter whether you are a “Hungah” or “Cumya,” no matter whether you are a “Gullah” or a “Creech”... It is one of the traditions that African American food pathways emerge, enabling West African Jollof to produce "EF oonuh ent Kind Ho Woon, oonuh gwine, "

If you don’t know where you going at least you should know where you come from.

Translation: "If you don’t know where you going at least you should know where you come from."
